Pennsylvania Elks Home Service Program

Since 1963, the PA Elks Home Service Program has been helping to improve the quality of life for thousands of children and adults throughout Pennsylvania. We provide support and advocacy services to individuals of any age who have a developmental disability. Last year, the Elks Home Service staff drove 332,000+ miles and made more than 14,000 home service visits, helping families in every county in Pennsylvania. The program is primarily funded by donations from Elks lodges.

Elks National Foundation

The **mission of the ENF** is to help Elks build stronger communities. We fulfill this pledge by investing in communities where Elks live and work. We help youth develop lifelong skills, send students to college, meet the needs of today's veterans, support the charitable work of the state Elks associations, and fund projects that improve the quality of life in local Elks communities.

Message from our Lodge's Exalted Ruler

Dear Esteemed Members,

I am writing to respectfully request that our Lodge hold a membership discussion on eliminating indoor smoking within our facility on Tuesday, March 10 at 7 PM.

This request is rooted in one primary concern: the long-term financial strength and growth of our Lodge.

Across the country, organizations similar to ours have seen increased event bookings, improved bar and dining participation, and stronger membership recruitment after transitioning to smoke-free facilities. A smoke-free environment makes our Lodge more attractive for hall rentals, community events, private parties, and family functions. Many potential renters simply will not consider a venue that allows indoor smoking.

Additionally, one of the greatest challenges facing fraternal organizations today is recruiting and retaining new members. Younger generations, families, and many professionals overwhelmingly prefer smoke-free environments. By modernizing our indoor air policy, we remove a significant barrier that may be preventing prospective members from joining and participating fully in Lodge activities.

A smoke-free building would:
- Increase rental appeal and revenue opportunities
- Broaden our potential membership base
- Encourage more family participation in events
- Improve overall comfort for members and guests
- Position our Lodge as forward-looking and community-focused

This proposal is not about diminishing tradition, nor about disregarding the preferences of any member. It is about ensuring the continued vitality and financial stability of our Lodge for years to come. The strength of our organization depends on growth, community engagement, and adaptability.

I respectfully request that all members attend this meeting for a discussion so that we may collectively decide what is best for the future of our Lodge.

We plan on having a final vote by the membership on Tuesday, March 24th at 7pm.

Thank you for your consideration and for your continued dedication to our Lodge.

If you are not able to attend, please let us know your thoughts both for or against and email me directly @ Tkane@usamtour.com.

Fraternally,
Tim Kane

Exalted Ruler
Washington Lodge #776.
